

Accessibility Statement

The Danwood Group, are working towards complying with Priority 2 of the W3C Web Content Accessibility Guidelines. We are continually making improvements to meet these guidelines, and our website has been designed with the following accessibility guidelines in mind:

- Our pages are designed so that they can be viewed at a screen resolution of 800 x 600 pixels.
- Page structure is conveyed using header elements.
- A style sheet is used on our website and relative font sizes on all text with the exception of graphical text.
- Text can be increased or decreased in size by using the "view" option in your browser.
- Images that convey important information have alternative text. Where an image is used for a decorative purpose the alternative text will be left blank.
- No information is exclusively conveyed using colour.
- A site map is available to provide information about the layout of the website.

Browser Compatibility

The standard support browser versions are:
